

Amendments to the Specification

5 The claim set presented under PCT Article 34, containing claims 1-41, is replaced with new claims 42-74 herein. The new claims correspond to the previous claims as follows:

New claims 42-48 are substantively similar to previous claims 1-7, and new claims 49-50 are substantively similar to previous claim 8.

Previous claim 9 has been rewritten in dependent form as new claim 51.

10 Previous claims 10-11 have been deleted.

Previous use claims 12-13 have been rewritten as method claims 52-54.

Previous use claims 14-15 have been rewritten as method claims 55-56.

Previous second medical use claims 16-18 have been deleted.

Previous claims 19-22 have been rewritten in dependent form as claims 57-62.

15 Previous claims 23-34 have been rewritten in dependent form as claims 63-74.

Previous second medical use claims 35-41 have been deleted.
